SUMMARY

Curious, hands-on developer and an early adopter of AI. Passionate about leveraging cutting-edge tools to build better software. Bringing a strong attention to detail, professional integrity, and a collaborative mindset. Able to thrive in dynamic environments and always eager to grow.

EDUCATION

- **College of Management Academic Studies**
  2024 - current
  B.Sc. in Computer Science
  chairman of the ColmanDev Club
- **Shenkar College of Engineering, Design and Art**
  2020-2022
  Practical engineer in Landscape architecture
  AVG : 90

PROJECTS

- **Irrigate |** Independent Project
  - a web application for landscape-architects and gardeners to calculate, schedule, automate, and manage multiple large irrigation systems.
  - **Tools** - Git, Github, GitHub Copilot, TypeScript, Node.Js, React, Express, Tailwind, Vite ,MongoDB, Cloudflare, Varcel
- **IoT Temperature Monitoring System |** Independent Project
  - FullStack & real-time IoT monitoring system for industrial refrigeration using sensors and Raspberry Pi microcontrollers.
  - **Tools** -Git, Github, Github Copilot, Raspberry Pi, Python, TypeScript, React, Express, Vite, Tailwind CSS, MQTT, AWS.
- **Private Cloud Drive |** DevClub
  - a self-hosted, full-stack cloud storage application prioritizing data sovereignty and secure file management.
  - **Tools** - Git, GitHub, GitHub Copilot, Cloudflare Tunnel, TypeScript, React, Node.js, Express, MongoDB, Vite
- **Traveling for sports |** Hackton
  - a web platform to manage sports fans travel logistics including; tickets, scheduling, accommodation, and transportation.
  - **Tools** - Git, GitHub, GitHub Copilot, TypeScript, Node.js, React, Express, Tailwind, MongoDB, Vite

EXPERIENCE

Chairman ColmanDev Club | 2026 - present

- **Leadership & Strategy:** Design the annual technical curriculum, plan hands-on coding workshops, and manage the club's budget in collaboration with the Student Union
- **Mentorship:** Guide a team of mentors and directly support junior students in building their first full-stack projects using modern development tools.
- **Industry Relations & Web Dev:** Establish partnerships with tech companies for student events, and manage the deployment and maintenance of the club's official website

Landscape Architect & Technical Designer | 2022 – 2024 |Linkovsky Landscape Architecture & Studio Zura

- **Project Management & Execution:** Managed the end-to-end development life cycle of design projects, overseeing on-site execution and ensuring alignment with technical specifications.
- **Cross-Functional Collaboration:** Partnered closely with multidisciplinary teams—including engineers, contractors, and consultants—to validate feasibility, troubleshoot implementation issues, and deliver high-quality results.
- **Technical Modeling & Data Management:** Served as a Revit/BIM Specialist, developing and managing complex, data-rich 3D models to bridge the gap between conceptual plans and physical execution.
- **Tools** - Revit, AutoCad, Photoshop, Sketchup, Lumion

AWARDS & CERTIFICATIONS

- first place at Venture44 Hackton
- P.E landscape architecture with academic excellence
- Recognized for exemplary behavior - IDF Physical Training Instructor Course.
- Outstanding Soldier Award for excellence in role performance
